

2025 WINTER NEWSLETTER

WE'RE BUILDING GAME CHANGERS!

As we close out another remarkable year, we reflect with gratitude and pride on the progress made by First Tee – Greater Trenton and the young people we are privileged to serve.

This year, we impacted close to 700 youth through our Life Skills and golf programming—many of whom were introduced to the game of golf for the very first time. Beyond learning how to swing a club, our participants developed essential life skills such as confidence, resilience, integrity, goal setting, and respect—values that will serve them well on and off the course.

We are especially proud of the continued growth of our girls' golf programming, with female participation representing a strong and increasing portion of our enrollment. Watching young girls gain confidence, leadership skills, and a sense of belonging reinforces our commitment to creating inclusive and empowering spaces for all youth.

Providing access remains central to our mission. This year, First Tee – Greater Trenton continues to reach into underserved and underrepresented communities, ensuring that high-quality youth development programming is accessible regardless of background or circumstance. Through school-based programs, community partnerships, and on-course experiences, we continue to remove barriers and open doors of opportunity.

None of this progress would be possible without the unwavering support of our coaches, volunteers, board members, donors, parents, and community partners. Your belief in our mission allows us to meet young people where they are and help them discover their potential.

As we look ahead to the coming year, we remain committed to expanding access, strengthening impact, and developing the next generation of leaders—one swing, one lesson, and one young person at a time.

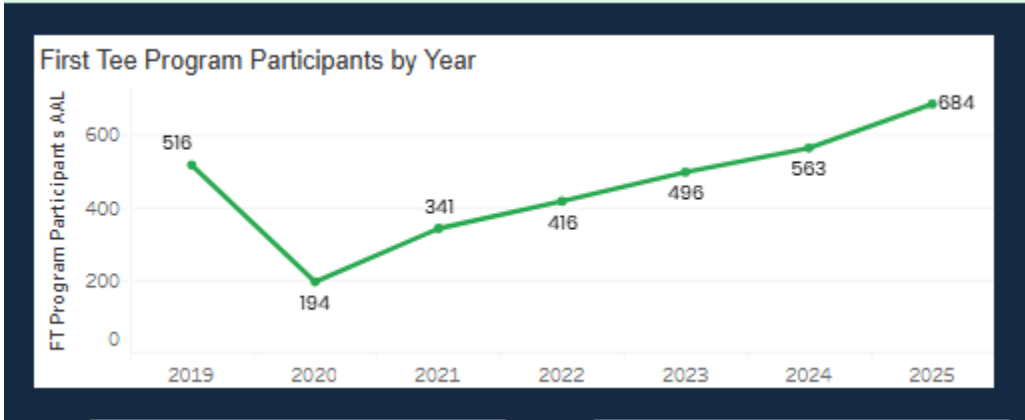

Thank you for being an essential part of the First Tee – Greater Trenton family. Together, we are changing lives through the game of golf.

With sincere gratitude,
First Tee – Greater Trenton
Board of Directors, Staff, Coaches and Volunteers

Resurrection of the Trenton Central High School Golf Team

We are proud to celebrate the revival of the Trenton Central High School golf team, a milestone highlighted in a recent article by Trentonian columnist L.A. Parker. This achievement reflects a collaborative commitment between First Tee – Greater Trenton, the Trenton School District, and determined student-athletes. Beyond golf, these young men and women are learning resilience, accountability, and leadership.

Additionally, members of the Trenton Central High School golf team gave back by assisting with summer programming, serving as mentors and coaches for younger participants. Their leadership and service reflect the full-circle impact of our work.
